GRANGE PLANS CHANGE IN TAXES

Will Endeavor to Bring Intangible Property Under Taxation

Will be Asked to Form Holding Company for Grain Elevators

(By Associated Press)

Cleveland, O., December 15.—The Ohio State Grange in forty-eighth annual convention here, probably will take action favoring efforts to bring intangible property under taxation, one of the members of the legislative and taxation committee announced today.

It was definitely stated the proposal to require securities to bear the assessor's stamp as evidence of listing for taxation has been given up.

The convention is to be asked to endorse the formation of a million dollar holding company to unify the statewide system of co-operative grain elevators owned by the farmers of Ohio.

Such a corporation is to be formed in the spring by the Ohio Farm Bureau Federation and the State Grange, provided the grange endorses the undertaking, officials said today.

It is planned to begin with a capitalization of one million dollars and to enlarge as the operations of the company grows. The grange itself would not own stock in the corporation, inasmuch as it is a secret order for social and educational purposes only.

WILLYS PASSES DIVIDEND AND GIVES REASONS

Conserving Cash Resources Until Normal Times

Dividend Earned by Wide Margin Says Statement

(By Associated Press)

New York, December 15.—Directors of the Willys-Overland Company today announced their regular quarterly dividend of 1 1/4 percent on preferred stock would be passed.

In explanation of the omission of the dividend the directors issued a statement explaining that while the preferred stock dividend for the entire year "had been earned by a wide margin" directors consider it to advantage to conserve cash resources until normal conditions again prevail in the industrial and financial world.

COUNTRY SWEEP BY SLEET STORM DURING NIGHT

Toledo Man Killed When Auto Skids in Snow Storm

(By Associated Press)

Cleveland, O., December 15.—The gale-driven sleet storm that swept over this city and northern Ohio during the night and early hours this morning, claimed one life and brought serious injury to seven persons here, due to auto clashes on wet pavements.

Alfred Arnold, a Toledo advertising salesman, was killed when his auto skidded and crashed into a tree, turned over and crushed him to death.

THE PRINCIPAL FIGURES IN THE HAMON CASE

Lower left, Jake L. Hamon, who died from revolver wounds. Center, his widow, Mrs. Jake L. Hamon. Upper left, Oliveville Hamon, daughter of Mr. and Mrs. Hamon. At right, Clara Smith Hamon, former secretary and niece by marriage to Hamon, who is sought in connection with Hamon's death.

SAYS BRITISH ENDEAVORED TO SHAPE POLICY

Former Chairman Says Members British Mission Took Hand

Largely Responsible For Resignation is Claim of Denman

(By Associated Press)

Washington, December 15.—Members of the British Mission which visited the United States in 1917 attempted to influence the policies of the Shipping Board, William Denman, San Francisco, first chairman of the board, testified today before the special House committee investigating the board's operations.

In this connection the witness said if he could obtain the permission of President Wilson for the disclosure of "certain phases" of shipping board negotiations, "one of the sources of interference with my administration as head of the board may be disclosed."

Mr. Denman indicated his insistence the Shipping Board be free from British influence had more to do with his resignation as chairman of the board than any other one thing.

CONSIGNEES TO PAY 22 CENTS FOR THEIR SUGAR

Must Take Sugar at 22 Cents In Face of Slump

(By Associated Press)

New York, December 15.—Supreme Court Justice Cohelan, today handed down a decision compelling consignees in 24 sugar cases involving more than a million dollars, to pay 22 cents a pound for sugar which they agreed to purchase from Lamborn & Company of this city, but had refused to accept on its arrival in Baltimore after the market had slumped to less than ten cents.

WIFE IS ROBBED OF MANY GEMS

(By Associated Press)

Cleveland, O., December 15.—Mrs. Rudolph Deutsch, wife of a jeweler, was robbed of \$7,000 worth of jewelry by three armed thugs who entered her home here this morning and tore diamond ear rings from her ears and stripped her fingers of jewels. The robbers escaped.

DEMPSEY DEFEATS BIG BILL BRENNAN

Heavyweight Champion Scrapper Adds Another Scalp To His Belt.

Opponent Puts Up Game Fight And Nicks Title-Holder, But Goes Down Under Stab To Heart.

(By Associated Press)

Madison Square Garden, N. Y., December 14.—Jack Dempsey, the world's heavyweight champion knocked out Bill Brennan of Chicago tonight in the twelfth round of the first heavyweight championship fight staged in New York since the Walker law became operative.

There were many opinions expressed by fight fans as to Dempsey's inability to finish his opponent quickly. When Dempsey did cut loose, however, he certainly made a quick job of it; but it was not until after Brennan had shown that he was absolutely unafraid of the champion's punches and had split Dempsey's left ear with a right hook.

The champion proved to be Brennan's master in nearly every stage of the bout, but the challenger withstood many hard blows in the wind and ribs through his magnificent physical condition. Fourteen thousand fans saw the fight.

BRENNAN WANTS ANOTHER WHACK AT THE CHAMP

Promoters Clean Up \$13,000 On Big Bout in New York

Brennan Still Confident He Can Beat Dempsey

(By Associated Press)

New York, December 15.—Bill Brennan, who was knocked out in the twelfth round by Jack Dempsey, the heavyweight champion, in Madison Square Garden last night, said today he intended to ask for another match.

"I am not satisfied that Dempsey is my superior," he declared. Dempsey said: "Brennan was tougher than I expected. He stood up longer than I thought he would. His blows didn't hurt me at any time, but I found him a hard man to hit properly."

Dempsey's manager said the champion was not in the best of condition, having trained too hard. The match last night broke all records for receipts in an indoor affair in this country.

The 11,556 seats brought in \$209,852.50. The match between Dempsey and Willard at Toledo, fought in an open arena, netted \$52,522, the high water mark.

Deducting Dempsey's share of \$109,000, and Brennan's guarantee of \$35,000, last night, the promoters' estimated profit after paying taxes and expenses probably will be about \$113,000, it was estimated. The federal tax will be approximately \$21,000 and the state tax \$10,500.

1500 GUARDSMEN WILL TAKE PART IN BIG PARADE

Fourth is Selected for Inaugural Parade

(By Associated Press)

Columbus, O., December 15.—Adjutant Roy E. Layton announced today he will call out an entire regiment of infantry and a few additional units of the Ohio National Guard for the parade to be held in connection with the inauguration of Governor-elect Harry L. Davis, of Cleveland.

About 1500 guardsmen will be in line. The Fourth Regiment with headquarters in Columbus has been selected. The Canton battery will bring its guns and will fire a salute for the new governor.

(By Associated Press)

Washington, December 15.—Henry Morganthau, New York, former Ambassador to Turkey, has been selected by President Wilson to act as the President's personal representative in mediating between the Armenians and Turkish Nationalists.

Mr. Morganthau conferred with acting Secretary Davis at the State Department today, receiving final instructions as to his mission.

TORCH APPLIED TO LUMBER YARD BY FIRE BUGS

Gang of Incendiaries Has Been Active in Pennsylvania County

Fire Started Just After Watchman Leaves Post

(By Associated Press)

Uniontown, Pa., December 15.—Fire early today destroyed the plant of the Fairchance Lumber Company, at Fairchance, near here, with an estimated loss of \$50,000.

State police patrolling the district believe it is another act of the gang of incendiaries who have been operating in the county for the past few months.

State police who were hurried to the scene said the fire was cleverly planned. It occurred a short time after the night watchman had left his post for home and when a high wind was blowing over the mountain crest.

The fire began in the planing mill, where, according to authorities, there was not an electric wire or a fire of any kind.

LANIN IN ERUPTION

Valdivia, Chile, December 15.—The volcano Lanin, due east of here on the Argentine frontier, is reported to be in a state of eruption. The volcano is approximately 9000 feet high.

Geneva, Switzerland, December 15.—Austria was elected a member of the League of Nations by the Assembly of the League today.

YELLOW SPRINGS MAN IS KILLED

(By Associated Press)

Springfield, O., December 15.—George Parsons, 60, night watchman at Whitehall Farm, near Yellow Springs, was instantly killed this morning when he was struck by an auto truck while returning to his home in Yellow Springs.

Last night was Parsons' first night as watchman, he having been transferred from a day job Monday.

INDIAN CHIEFTAIN SEEKS GOVERNMENT AID FOR REDMEN

Chief Arthur Boncamp.

Chief Arthur Boncamp of the Osage Indians is in Washington trying to persuade the government to extend government leases on oil lands, held by his people, for 25 years. The wealth of the Osage Indians is greater than that of any other tribe. Their income is derived from oil and minerals discovered on government property, now leased to them. It is these leases they want extended.

THE CASH BONUS IS DISCUSSED BY COMMITTEE

Senator Smoot Thinks 98 Per Cent. of Ex-Service Men Want Cash.

Legion Spokesmen Say Only Fifty Per Cent.

(By Associated Press)

Washington, December 15.—The payment of a cash bonus to former service men was brought prominently to the front today at the opening of hearings on the House bill to adjust compensation of former soldiers and sailors.

Spokesmen for the American Legion estimated not more than 50 per cent of the men would ask for a cash payment, but Senator Smoot, Republican, disagreed sharply with this estimate, declaring postcards he had received from individual service men indicated 98 per cent of the men would ask for cash.

Mr. Arthur Betteman said the options of the bill other than cash—proposed "soldiers' certificates" payable in 20 years, vocational training and farm and home grants—will appeal to the large percentage of the war veterans.

He said this was indicated by the fact that 300,000 are trying to find out how to get farm lands. He said the House bill had "practically the endorsement of all service men's organizations."

SAYS AGREEMENT REACHED BARS ALL CENSORING

Member of Conference on Cables Makes Statement

(By Associated Press)

Washington, December 15.—A tentative agreement that "no censorship" shall be imposed "upon messages merely passing through relay points," has been reached by the International Communications Conference here, Walter S. Rodgers, one of the American commissioners declared today before a Senate committee investigating the whole question of cable communications.

(By Associated Press)

New York, December 15.—Directors of the Keystone Tire Company today decided to pass the quarterly dividend of three percent due at this time.

BEETHAN IS NEXT SPEAKER OF HOUSE

Crabbe is Slated For Majority Floor Leader 84th Assembly

Capt. John P. Maynard Unopposed for Clerk of House

(By Associated Press)

Columbus, O., December 15.—Selection of Rupert R. Beethan, of Cadiz, Harrison county, for the House speakership of the Eighty-fourth General Assembly by the caucus of Republican members practically was conceded in all quarters a short time before the caucus convened.

H. T. Robins, of Chillicothe, is understood to have announced his withdrawal from the race last night.

Practically as certain as Beethan's selection is that of C. C. Crabbe, Madison county, for the majority floor leadership.

Captain John P. Maynard is unopposed for re-election as clerk.

Two women are expected to be given important positions. Miss Potter, of Worthington, for 12 years postmistress there, is expected to be endorsed for Second Assistant Sergeant-at-Arms. Mrs. Ella Potter, McConnellville, probably will be endorsed for enrolling clerk.

Dr. Alfred Robinson of Ironton is unopposed for Sergeant-at-Arms.

The 12 Democrat members of the House also are to caucus today. They are expected to endorse H. S. Atkinson, of Columbus, for minority floor leader.

FOUR ELECTIVE MEMBERS NAMED BY THE LEAGUE

Belgium, Brazil, Spain, China Chosen Members of Council

China Easily Beats Her Rivals For Place

(By Associated Press)

Geneva, Switzerland, December 15.—Belgium, Brazil, Spain and China were chosen as the four elective members of the council of the League of Nations by the Assembly of the League today.

The first three nations had held places in the council by appointment under the original covenant. China takes the place of Greece, the fourth member originally named.

The ballot for the fourth member resulted in China receiving 21 votes, Sweden received 5; Rumania 6; Czechoslovakia 2; Portugal, Switzerland, Serbia and Greece one vote each.

GRANDMOTHER OF 42 CHILDREN

(By Associated Press)

Xenia, O., December 15.—Funeral services were held here today for Mrs. Susan Bush, negro woman, who died Sunday night, the grandmother of 24 children and the great-grandmother of 25 children. Mrs. Bush, whose age was unknown, was the mother of fifteen children, of whom only four are living.

SQUIRRELS SHOW REAL INTELLIGENCE

For some time several squirrels have made their homes in this city, particularly on Washington avenue where it is a common sight to see the squirrels at play or searching about for food, and where places of refuge have been provided by several citizens.

It is a common sight to see the squirrels walking the telephone cables high above the street in order to keep out of the way of stray dogs or cats, or children who might throw at them.

Tuesday morning two of the squirrels chanced to be on the same telephone cable and met about midway between two telephone poles. Without hesitation one of the squirrels swung himself underneath the cable and allowed the other to pass over in safety, after which he also resumed his journey on the leaden cable.

BUILDING STORM TOPS FOR AUTOS

A new industry in the form of an automobile top manufacturing plant has been added to the equipment of the Jack DeWitt Auto Sales establishment on South Fayette street.

Tops that convert almost any type of automobile into a closed car are being made. Any make of car, any size, or any model, can be fitted, it is announced by the proprietor.

The type of work which will be turned out will compare with any ready built tops of city concerns, it is said.

The Little Wonders Classifieds

The Ford Runabout

The Ford Runabout needs no advertising. About all we have to do is to tell you we can supply the demand with something like promptness and the selling is over. We have never been able to get enough from the factory to meet the demand and do not suppose we ever will get enough. There are more than four million five hundred thousand Ford cars in operation today, and of this number about three hundred thousand are in foreign countries, the rest right here in America, but we have one hundred and five to one hundred and ten millions of people and it looks from the way demand comes in that we will have to sell that many Runabouts before we can satisfy that demand.

It is one great, little utility. It fits into every man's wants, from the physician to the worker in the factory, from the country blacksmith to the millionaire railroad owner, from the contractor and his employees to the millionaire sporting man's entourage, almost as necessary these days as the handkerchief.

GIRLS VARSITY TEAM
FILLS ITS SCHEDULE

In preparation for the basketball
season which will start almost as
soon as school resumes after the hol-
idays, schedules are being arranged
and class teams are being organized.
The Washington High School Girls
Varsity has filled its schedule as fol-
lows:

January 21—Hillsboro here.
January 28—at Wilmington.
February 11—Leesburg here.
February 25—Wilmington here.
March 18—Frankfort here.

Class teams are being organized
among both the boys and girls. The
Freshman boys elected Donald Rod-
gers, captain; the Sophomores chose
Earnest Davidson; the Juniors, Tom
DeWees; and the Seniors named
Clarence Bolen as leader.

The Freshman girls organized
their team with Wilma Dale, cap-
tain, and the Sophomores elected
Mable Sunkle captain. The Junior
and Senior girls have not named a
captain.

On the night Washington High op-
ens the season at Athens, January 7,
the class teams plan a series of
games that will resemble a miniature
tournament at the high school gym-
nasium.

Now The Senate

The House of Congress is entitled to, and is receiving praise from the great majority of the American people for its prompt action in enacting a law which bars the ports of entry against the flood of foreign immigration for a limited time—for a time long enough to allow us to turn around, take a survey of world conditions, allowing for changes that, doubtless, will occur in the settling processes during the next year, and reach a final conclusion as to our position on the immigration problem undisturbed by a pressing need for action.

The prompt action by the House will not, however, become effective as a law until enacted also by the Senate and rumors as to the attitude of the Senate on the proposal, are not encouraging.

The Senate has a record for obstructing needed legislation which is second in public disapproval to no one of its predecessors in the history of the nation, and it is to be hoped that it will not add to its record by wilfully preventing the enactment of a law barring out the foreigners for a limited time or that it will "deliberate" before taking final action until a considerable portion of the undesirable millions from Europe succeed in getting into the country.

Base Ball Week

The present week promises to be an eventful one in base ball circles. The magnates, the managers and some of the star players of the major and minor leagues are gathering for the big meeting in New York City.

The big outstanding fundamental work is the framing of a new national agreement between the leagues, providing for the safeguarding of the game and the preservation of its honesty and good name. That feature, however, is pretty well ironed out already. Next in importance comes the reinstatement, if possible, of the reserve clause in contracts with players or some provision which will take the place of that clause stricken out by court decree on application of some of the players but which all agree now—players and owners alike—is vital to the game.

These problems interest scores of hundreds of people but the millions of "fans" are watching and waiting for trades of players which will mean new hope to the loyal enthusiasts in every city in the league circuits who never give up hope of having a pennant winner "next year."

Some big exchanges of players are promised and the followers of the game, the real expert observers who populate the bleachers are on the tiptoe of expectancy to see what the Christmas week trading puts in their stocking

POETRY FOR TODAY

THE SUNKEN CITY

Glitters no scale or any fin
Between these blind basaltic walls;
The broad weed waves about within
The water of the pillared halls.

And here the old crustaceans
Crawl patiently across the sand
With twisting eyes that turn askance,
And ugly pincers expand.

Light's essence in the gloomy sea
Through opal strained and emerald
Tinges the spread anemone,
And pearls of milk and rings of gold.

But in this watery depth no more
Shall sunlight break the sunken dusk,
Nor vagrant beam of stars explore
The secrets of the city's hulk.

And when the climbing tentacles
Of some sleep swimming octopus
Disturb a ruined temple's bells
And set the deep sea clamorous.

The ships that ride a league above
Hear not those drowned chimneys nor
know
That where their great propellers
move
Atlantis lies a league below.

THE FORMATION OF OHIO TAX ASSOCIATION IS NOW UNDER WAY

County Auditor Pine Makes
Public Outline of Plan.

Which Purposes to Make Inter-
ested People Working
Assistants.

County Auditor Glenn M. Pine has received through W. S. Barrett, County Auditor of Ross County and Chairman of the membership committee of the Ohio Tax Association now in process of formation the following outline of the objects of the association.

1. To establish and maintain a non-partisan, nonpolitical citizen agency, for promoting efficiency and economy in the administration of the various departments of government, state and local, at a minimum cost of administration, in order that the maximum amount of tax receipts may be used for public purposes, and that our state county and municipal governments, which are important business enterprises, may be conducted on sound business principles.

2. To gather, compile and publish the most accurate and progressive thought and data obtainable on all questions pertaining to state and local taxation and the expenditure of the revenues secured thereby, for the information of the public and to aid legislative and administrative action.

3. To formulate and announce through the deliberately expressed opinion of an annual conference the best informed economic thought and administrative experience available for the correct guidance of public opinion and legislative and administrative action on all questions pertaining to taxation.

4. Our purpose: A square deal in taxation matters for those who earn a living, those who operate a business, those who own property.

The movement to form and to maintain the Ohio Tax Association is launched by the Executive Committee of the County Auditors' Association of Ohio.

It is especially desired that the members be parties who can and will attend the first meeting which will be held at the Deshler Hotel in Columbus, Thursday, January 6th, and Friday, January 7th, immediately following the auditor's meeting at the same place.

The object is to secure a general representation of our citizenship and memberships, are sought from Presidents of Boards of County Commissioners, Mayors, City Managers, Solicitors, Presidents of City Councils, Boards of Educations, Township Trustees, Chamber of Commerce, Farm Bureaus, Central Labor Bodies, Rotary Clubs, Kewans Clubs, Exchange Clubs and Real Estate Boards and any others who are interested.

Blanks for application for membership may be obtained from Auditor Pine who is anxious that every one interested join the association and give the association now and hereafter

the benefit of advice and experience.

It is especially important that, now at this time of re-appraisal and readjustment made necessary by changed conditions that every one lend a helping hand to the officials in the big task which confronts them. The County Auditors Association of Ohio has hit upon the formation of an Association of interested and experienced men to assist officials in working out a practical and equitable plan for making needed changes.

TEN YEARS AGO

(Herald News This Date 1910)

About fifty of the property holders of Broadway street held a mass meeting at the office of the Coffman Lumber Company Wednesday night.

The purpose of the meeting was to talk over the present status of the matter of improving that street and to ascertain just what could be done to have the work completed in a manner satisfactory to the property owners and such a street made as they petition for claiming that the street as it now stands fails to come up to what they believed they could get.

DRECO HAS REMOVED ALL STIFFNESS FROM MY JOINTS

"I was so crippled with rheumatism, I couldn't bend over to tie my shoes." Dreco gave full relief in two weeks time.

"I was awakened every night towards morning by a severe pain across my kidneys, and had to get up and walk the floor. I took everything I heard of but was growing worse all the time. I was so constipated my bowels would not move naturally," said Mrs. Elizabeth Zellar, 1007 Link Avenue, Springfield, Ohio.

"Dreco has benefited me so much that I am entirely free from pain can bend and stoop around without any discomfort at all. I go to bed and sleep the night through and when I awaken am ready for a good big breakfast for my stomach is now in excellent condition and I can eat what I want without any gas forming; my bowels eliminate the waste naturally and regularly. In two weeks time Dreco has done more to restore my health than all the medicine I ever took in all my life."

Dreco is made from the juices of twelve different herbs, roots, barks and leaves, which act directly on the stomach, liver, kidneys, bladder and the blood; and tends to relieve constipation, headaches, rheumatism, catarrh, biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles.

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher.—Adv't.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Now another campaign soon is here. It is the annual Christmas seal campaign and it continues until December 25th.

Voicing her confidence in Ohio clubwomen to play an effective part, Mrs. John A. Riebel, Columbus, health chairman for the Ohio Federation of Women's Clubs, has issued an appeal to every club worker to aid in every possible way. The Ohio Federation of Women's Clubs, at its recent Columbus convention, pledged its active support to the Ohio Public Health Association in the sale of the 1920 Christmas seals from December 1 to December 25th, she declares in her message. "As you know the annual sale of the Christmas seals each year finances the national, state and local anti-tuberculosis societies in their noble work. Eighty per cent of the proceeds of the sale is retained by local committees for health work. If your club or federation is not already identified with this work in your community we will be glad to give you any information relative to the sale of the seals."

"Tuberculosis killed 6,500 people in Ohio last year, and it is estimated that there are now 53,614 active cases in the state. The crusade this year is to be made under the emblem of the double-barred cross which is the symbol of the worldwide fight against tuberculosis. I am confident that the clubwomen of Ohio will do their full share in promoting the success of the 1920 Christmas seal sale, because of the splendid opportunity for service in such a most worthy cause."

The fact that a number of Washington C. H. High School girls are making the fanciful crepe paper hats and that more than a few red hats have been seen on our own streets, adds zest to the following entertaining comment in the Ohio State Journal.

The Columbus sightseer at the corner blinked and rubbed his eyes. He hadn't had a drink and there had been nothing to arouse his temper—quite the contrary. But he certainly was seeing red. He was. Red hats. Quantities of them, all sizes! All shapes, all shades, and on all sorts of people in High street.

Along came a fat woman, with a round face and little eyes, short figure swathed in heavy fur coat and atop all a small magenta turban. A sweeping plume of the same shade took away what natural color she had in her cheeks and made ghastly the extra layer she had borrowed from the drug store.

Last year's cherry color, brought out and adorned with a new ribbon breezed along carried by a high school girl.

Who said henna? More crimes have been perpetrated in its name this year than ever before. For here at least a score of shades, dull hennas, bright hennas, rust hennas and hennas that approach perilously near crimson; hennas that natch the hair underneath most skillfully, or the hair matches them suits best, hennas that clasp with every other color on the wearer and hennas that harmonize and blend beautifully with hair, eyes, complexion.

Then the sightseer looked twice. It was worth it. Two American beauties. One a lovely girl, the other a bewitching chapeau that matched the roses in her cheeks and brought out the brightness of her eyes. This was the very latest and the most exclusive of all. Incidentally the most expensive.

The rain began to fall and the sightseer went into shelter. Then he stretched his neck and blinked again. Down the street went a pretty girl, chic, short skirted, woolen hosed, slippered, with a flowing scarf. She had no umbrella but she did have a red hat. That is, she had had a red hat. It was fast becoming a part of the rest of her costume in a way that a hat never before was known to do. Every raindrop that pattered down from the hat carried a red stream with it. There were shades of pale red, pink and even white appearing on that hat while one looked at it.

And the girl walked faster. She had been so proud of that hat! Painstakingly she had woven it from strips of red crepe paper, had put extra layers of paper underneath to give body to it had placed a perky quill on top—and now! Not only the hat but her pride was gone.

High school girls who have been sitting up nights to fashion these dainty bonnets will learn wisdom from their fellow student's plight and leave the paper hats at home on rainy days.

Mr. and Mrs. O. L. Smith entertained with an elaborate and enjoyable dinner Sunday honoring Mr. J. E. Hare and his bride, formerly Mrs. Mary Tway.

Potted Plants and Holly were effectively used in decoration. The guests included: Rev. and Mrs. W. B. Rose; Mr. and Mrs. A. C. McCoy; Mr. and Mrs. M. E. Rowe; Mr. and Mrs. Chas. Roberts and daughter, Blanche.

The Knights of Pythias and the Pythian Sisters open the social season Wednesday night, December the fifteenth, with a "get together meeting" for their families.

Plans have been made on an elaborate scale for a delightful evening. From eight to nine o'clock a musical program will be presented and the remainder of the evening devoted to cards and dancing.

Refreshments will be served.

Rev. J. Vernon Stone, former pastor of Trinity church, this city, now located in Newark, Ohio, was a guest in this city, Tuesday. With Mrs. Stone, her mother, Mrs. P. C. Kennard and Merrill Stone, they came on Monday evening and were guests at the annual Kappa Sigma Pi dinner.

Mrs. Stone was formerly the leader of the class and the dinner had been postponed from an earlier date, in order that she might be their guest for the evening.—The Scioto Gazette.

"Count that day lost whose low descending sun, views from thy hand no worthy action done," was the quotation chosen by the Social Science, Philanthropy and Industrial conditions department of the Browning Club, for the meeting Tuesday evening in the Club room. Mrs. Olive Teeters, the Chairman, presided.

Mrs. P. M. Cook a new member had a splendid paper on "Naturalization," her first appearance before the Club making a pleasing impression.

Mrs. Cook said in part, that the first citizenship school in this country was founded at Hartford Connecticut, in 1909 and that statistics show twenty-five per cent of the male voting age are aliens. One of our greatest needs is teachers for these schools.

The requirements of an alien to become a citizen of our country were particularly interesting, necessitating years of residence here before making application for the school, which also includes instruction in hygiene, health and care of the families.

United States is the only country in the world, which does not have to depend upon birth to increase its population.

New problems are arising for the Citizenship School now that the wife can vote. Today we can no longer depend upon teaching the foreign children, and having them teach the language to their parents—the parents must be educated as well as the children.

Attention was called to the convention on this subject held in Columbus last week, Governor Coolidge, of Massachusetts, one of the speakers told what his state is doing. It now has one hundred cities, and fifty-five towns with these schools.

Mrs. Kerr introduced her excellent paper, "Charity's Great Adventure in Belgium" with a little historical sketch of the peace and prosperity of this country before the war started, and said, "The trail of war is always followed by famine, disease, sickness and want."

She spoke of how Fayette County had always done her part, in response to the first call to reach us for help—we sent over one thousand dollars, clothing, bedding and other things. The work of the Red Cross has the great claim in Charity and is still over there giving aid. America, too, still hearing the call is helping all she can toward the relief of these stricken people.

Mrs. Kerr paid a glowing tribute to President Wilson's part in helping bring the war to a close and in aiding these people. She made a comparison, between what the President is urging these people to do, and what the German Emperor is doing—absolutely nothing but living in luxury and ease. In no way what-ever has he the Emperor ever expressed a regret for the deplorable conditions existing. Even though the German Empire is supposed to be poverty stricken one million dollar's in our money has just been voted the Emperor so he can continue his luxurious life even though exiled.

Mr. and Mrs. Earl Gidding (Olive Hillery) who are enjoying an extensive motoring trip through the South, arrived at Jacksonville, Fla., Tuesday, December the seventh, and are now visiting places of interest in the State, spending a couple of days at each place.

Enroute, Mr. and Mrs. Gidding were passing through Lexington, S. Ca., and by chance saw Virginia Evans, who formerly made her home with her

CARTWRIGHT GIVEN COSTS AND LECTURE

Refused to Tell What Caused Him to Become Intoxicated, But It Was Not Liquor He Said.

Thomas Cartwright, who Tuesday afternoon built a fire so close to his barn that it set fire to the barn and who was later found to be intoxicated was fined the costs and given a severe lecture by Mayor V. J. Dahl Tuesday evening.

It was decided at the police station that Cartwright had not been drinking liquor but he refused to tell what he had taken.

He said he remembered kindling the fire but that he believed the firemen, whom he knows well, were joking, so disastrous an effect did the intoxicant have.

MORE CLAIMING GUN OWNERSHIP

Regardless of the fact that one man who believed himself to be the owner sold a double-barreled rifle at the Palmer Second-Hand store on North Fayette street a few weeks ago, two additional owners for the gun have come to light, but so far they have not definitely proven their right to the weapon, and it is being held by Mr. Palmer.

The man who sold the weapon stated that he had purchased it from another man, and along came Maxwell, of near Eber, claiming that the gun still belongs to him, and that it was loaned to a man who is said to have sold it to the man from whom Palmer purchased the gun.

On top of the Maxwell claim comes another from a third man who insists the gun was owned by him, loaned to Maxwell, and is not Maxwell's gun.

If there are any other owners for the weapon Mr. Palmer will wait a few days before endeavoring to unravel the many sided ownership.

TWO GOOD SHOWS

The Wonderland and the Colonial are having special attractions this week in their picture shows.

Dustin Farnum in "Big Happiness" is at the Wonderland, Wednesday and Thursday, with Thursday matinee. This is a story of a honeymoon with the wrong groom and is said to be the greatest picture of Mr. Farnum's career.

It includes not only intrigue, love and big business, but striking glimpses of Parisian life and seductive views of the Alps.

William Russel in "The Challenge of the Law," a tense gripping drama with a love story as sweet as a June rose, shows at the Colonial for the last time Wednesday night.

THREE PRISONERS TAKEN TO PRISON

Sheriff Hall Wednesday morning escorted three men to prison to serve time, two of them going to the Columbus workhouse—a place which is feared more than the former Xenia workhouse—and the other beginning a term in Mansfield.

Carroll Ford, on a charge filed by the Probation officer, and Homer Chandler were the ones taken to the workhouse after sentence from Probate Judge Allen's court, and the other was Joseph Merritt, self-confessed horse thief, having taken a horse and buggy in this city last August, in company with Joe Vance, now in Camp Sherman facing a charge of desertion.

SECOND BASKET BALL WEDNESDAY EVENING

In the second basket ball game of the season on the Y. M. C. A. floor Wednesday evening the Triangles will attempt to win their second game with the opposition furnished by the Columbus Grays.

The big game will be called at eight o'clock with the preliminary a half hour earlier between two Boy Scout teams.

HARTMAN THEATER COLUMBUS

That Christmas week at the Hartman Theater, Columbus, Ohio, is to be marked by considerable flare and flourish is evident from the announcement that the Greenwich Village Follies, a revusical comedy of life in New York's Quarter Latin, which for the past year has been the accepted vogue in New York and Chicago for that largest part of the amusement seeking public which is ever on the alert for something new, daring and bizarre, will flout into the Hartman Monday evening, December 20, and remain the entire week. With melody and beauty ever to the fore, the "Follies" is a staccato succession of travesty, satirical mimicry, vivid stage pictures, droll comic episodes, exotic and classic dances, uproarious burlesque, impertinent salvos of jazz and futuristic fashion parades. The revue is ever enveloped by the twenty famous artists' models, a new and distinctive type of stage beauty substituted for the staid and stolid "show girl" about whom the conventional producer builds his ensembles. These artists' models were searched out in the artists' studios, those of the illustrators the photographers and sculptors and the shops of the smart modistes.

Theirs is naive and refreshing quality of beauty that has heretofore not been met with on the stage. The "Follies" had its inception in the quaint and diminutive little Greenwich Village Theater in New York in Mid-Summer of 1919 where the artistically ambitious artists, versé libre poets, exotic dabblers in oil, disciples of sundry cults and "isms"—congregate to give voice to their emotions. But the "Follies" was not long for the little Bohemian theatre and soon found its way to the more commodious Nora Bayes Theater in the very heart of Broadway's amusement section. For seven months it was the mecca to which smart audiences made their pilgrimage. All last summer it was the hit of Chicago. The book and lyrics are by John Murray Anderson and Phillip Bartholomae. Matinees are scheduled for Wednesday and Saturday.

Be Sure it is a Victrola You Get for Christmas

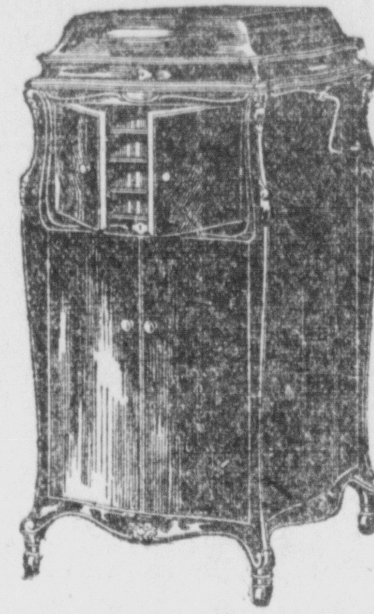

The Victrola

And No Regrets Later

No one buys a talking machine for just a few months use and so we believe it is important to make sure of the quality of the instrument you put your money into.

We don't know how many makes there are of talking machines, but we do know there is just one Victrola. We also know that every purchaser of a Victrola is a satisfied customer. Some assertion—yes, but we have sold Victrolas for a long time.

A WORD IN CONCLUSION We are now supplied with a liberal stock of the various models. However, the time until Christmas is short and we urge an early selection for the only disappointment that can come in regard to the Victrola is to fail to receive one. Remember there is only one Victrola. A Victrola is certainly a practical gift.

The Victrola

Famous Singer's Choice

The Victrola is the one instrument to which the most famous singers and instrumentalists have entrusted their art—an unanswerable proof of its merits. It is the one instrument and the only instrument specially made to play these artists' records.

There is no limit—every kind of music is at your disposal. As new records are brought out you may secure them at our store.

WHY WE ARE HAVING COUNTY CORN SHOW

(By Stanley Dray
Smith-Hughes Agriculture Classes
Washington High School)

Our object in having a County Corn Show is that we may have opposition and may become acquainted with some of the better corn growers of the county. Also we wish to select from the exhibits of the boys of the Smith-Hughes departments, the prize winning exhibits and enter them in the classes for Smith Hughes exhibits at the State Corn Show during Farmers' Week at Columbus.

We assume that in having a county corn show that we will gain several important points in seed corn judging and selecting. We also feel that the farmers of the county will gain some important knowledge of seed corn judging and exhibiting and we hope that all the farmers and their sons will give us their hearty co-operation in this show; also that all the prize winning exhibitors will enter their exhibits at the State Grain Show at Farmers' Week at Columbus.

Kindly remember that since we are the farmers of tomorrow we have the interests of "Dad" at heart and feel that this Show should be a wonderful thing for all concerned.

Also kindly remember, that there is to be an address on Saturday afternoon at the show room by possibly the most prominent man in the College of Agriculture O. S. U. and it will be well worth while for any and every farmer to make arrangements to hear him.

We cordially invite all the farmers and their sons to exhibit and attend our Corn Show which is to be held in the Fayette Sales Room on North Fayette Street on January 7th and 8th.

ISSUING DOG TAGS

To-date 62 dog licenses have been issued from the County Auditor's office, and it is expected that some 1500 additional tags will be issued by the first of the year, after which time the dog catcher will be put on the job once more.

REAL BLIZZARD STRIKES COUNTY

Following a wild night of wind and
rain, with some sleet and snow, Wed-
nesday morning ushered in a genuine
blizzard, the only thing lacking being
intense cold temperature.

However, with a temperature
around the freezing point a snow-
squall swept down and the fine par-
ticles, driven by a fierce wind that
seemed to switch to all points of the
compass within a short time.

The morning was one of the most
disagreeable of the winter to-date.

The violent wind of Tuesday night
did considerable damage to roofs,
telephone wires and on the farms
scattered fodder in all direction.

THOUGHT HIS TIME HAD COME HE SAYS

Springfield Man Says His Condition Was Alarming Before He Began Taking Tanlac.

"I have just finished my third bottle of Tanlac and have already been relieved of a condition that was getting to be alarming," declared A. J. Killis, a carpenter, living at 27 North William Street, Springfield, Ohio, the other day.

"For two years previous to taking Tanlac I had never been able to work more than four or five days at a time. I had no appetite and actually dreaded to eat, for even the little I managed to force down bloated me up with gas and made me sick at the stomach and so short of breath I sometimes thought my time had come. I had spells of dizziness and was so nervous at times I couldn't hold a nail long enough to drive it, and felt dull and languid all the time. During the winter of 1918 I was unable to hit a lick of work and the following winter it was not much better.

"But, it's a fact, I haven't had a touch of indigestion since I finished my first bottle of Tanlac. I have a voracious big appetite and eat things I never dared touch before and everything agrees with me perfectly. My nerves are steady as a clock, I feel fine all the time and never lose a day from work on account of sickness. Everybody I meet these days wants to know what has got me to looking so much better, and I am always more than glad to tell them, Tanlac."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by J. W. Murphy and in Mill-edgeville, E. L. Ford Sons, Lee Ortman Selden.—Adv.

MARINE CORPS ASKS LOCAL DEVIL DOG TO RE-ENTER SERVICE

Tells Fayette County's Most Decorated Soldier that He May Select His Post if He Desires to Join

Honors do not cease in coming to James A. Ducey, popularly known as "Red," local ex-marine who was Fayette county's most decorated service man in the War and who ranks among the most distinguished former service men in the country.

Ducey has received a letter from the Marine Recruiting Officer in Columbus which carries a tribute of deep admiration and an inducement to enter the service that is out of the ordinary. In this letter the Recruiting Officer states that if Ducey desires to re-enlist he may select the post to which he wants to go.

The letter said in part: "You have a wonderful discharge. Mr. Ducey, the best that I have seen for some time and I want to inform you that any time that you may want to ship-over within the next few months for a two year enlistment, you may select any post in the United States that you wish to go to, and you will be given a 30 day furlough right here at the recruiting station with full pay and in addition to that you will get the 55 cents per day ration money."

"Trusting that you are enjoying the outside and making the best of life and should you ever come to Columbus I want you to come to the Recruiting Station and make yourself at home."

LONGERBONE FARM SOLD BY SHERIFF

"Gets-It" For Hard or Soft Corns

Satisfaction Guaranteed With This Corn Remover.

Common sense tells anybody that the way to cure a corn is to remove it, cup and root—banish it entirely.

Don't Doctor Your Corns. Let "Gets-It" Remove Them—Painlessly! Quickly!

Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes weeks or months to grow a corn. It takes just a few seconds to stop its pain with two or three drops of "Gets-It." Quickly it loosens so you can peel it right off without the least twinge or hurt, and it is gone! "Gets-It" is the never failing, guaranteed money-back corn remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago. Sold in Washington C. H. and recommended as the world's best remedy by Brown's Drug Store.

Size Up Your Condition. Look at the Facts Squarely

IT PAYS TO HAVE GOOD HEALTH

Most illnesses Are Prevented by a Good Supply of Rich, Red Blood Take Pepto-Mangan, the Red Blood Builder

Either you are in good health or you are not. There's no half way. You may think nothing of being a little run down. It may not worry you if you look pale. You may think you'll be all right tomorrow or next day. But will you?

Certain it is when you do not feel just right, you are not right. There is probably something the matter with your blood. And while you can get around and do your work you are leaving yourself open to any of the diseases that are always waiting to take possession of run down people.

When you are pale and easily tired when you cannot enjoy your meals, when you lose enthusiasm, your blood needs attention.

Take Pepto-Mangan for a while. It is a great tonic. It will build up your resistance to disease, and you will soon feel stronger. The little red corpuscles are fighters. They battle with disease germs and win out when there are enough of them. Keep your system well supplied. Then you will keep well and you will enjoy life.

But be certain you get the genuine Pepto-Mangan. Ask for it by the full name—"Gude's Pepto-Mangan." Some people take it in tablet form. It is so convenient. The liquid and the tablets have the same medicinal value. Look for the name "Gude's" on the package. Advertisement.
